

# POINT IN TIME COUNT

**JAN 23RD, 2025  
Everybody Counts!**

**On Thursday January 23rd, we will conduct a special count for anyone who was homeless on the night of Wednesday January 22nd. Homeless households can also be screened to find out if they are eligible for any housing assistance we have. While there may not be immediate openings, priority may be given when openings occur.**

**This year we will also be counting doubled up unaccompanied youth. An unaccompanied youth includes someone ages 16-24 without an adult in the household. This includes any youth who are without their own safe and stable housing.**

**If you or someone you know slept in one of the above places on the night of Wednesday January 22nd, please contact our office.**
